

THE ADA NATIONAL NETWORK

The Americans with Disabilities Act (ADA) National Network has been in existence since 1991. The ADA National Network was established to provide information, guidance and training on the Americans with Disabilities Act (ADA), tailored to meet the needs of business, government and individuals at local, state, regional and national levels.

The ADA National Network consists of ten Regional ADA Centers located throughout the United States and an ADA Knowledge Translation Center that provide local assistance to ensure that the ADA is implemented wherever possible. We are not an enforcement or regulatory agency, but a helpful resource supporting the ADA's mission to "make it possible for everyone with a disability to live a life of freedom and equality."

Questions about the Americans with Disabilities Act?

Contact your Regional ADA Center. All toll-free calls are confidential.

1-800-949-4232
(V/TTY)

Visit our website at

www.adata.org

Resources available through the ADA National Network:

- Answers to ADA questions via a toll-free information hotline
- ADA publications
- Web-based training and information
- Customized in-person trainings
- ADA webinars and podcasts
- National, regional and state trainings and conferences
